

PROGRAM INVITATION

RE: **Mega Education® School Attendance Program**

Dear Parents, Teachers and Students:

Mega Education® is a dynamic, "Stay in School" scholastic incentive system created by Attorney Jeffrey P. Dressler in 1990. Mega Education® is designed to reward student effort and achievement. Of course, the program is absolutely free!

We are presently conducting the Mega Education® School Attendance Program. Participating schools fax a list of each month's perfect attendees to Mega Education® 241-0857, or by email to megaeddie@megaeducation.com. Names are selected and awarded a Mega Pack; 2 free rental tickets to any Hollywood Video store, or other event tickets, or sponsor's premiums. The tickets/items are forwarded to the school for distribution to the students. Please contact us for delivery to your school of a Mega Education® poster illustrating ALL of the Mega Education® programs. See rules and regulations for the Mega Education® **School Attendance Program** on our website.

Mega Education® promotional ads are presently aired on television "edutaining" the public as to this dynamic scholastic incentive system!

So, have your school fax each month's list of perfect attendees to Mega Education® 241-0857, or by email to megaeddie@megaeducation.com. Feel free to contact the program coordinator, Samuel Vega, Jr., should there be any questions.

Very truly yours,

Jeffrey P. Dressler
Program Creator
